## **CAGED ANIMAL SECTION:**

Children should only enter animals that can cope with being caged for the day, ie mice, rabbits, guinea pigs, and birds. These must be in a **secure** cage or similar. Please ensure animals have food and WATER. A trophy is available for the best "Non-AG Pet Project". Students are asked to complete a study on their pet for judging, and have their caged pet on display.

Projects are expected to include:

- Researched information about the animal type, life history, adaptations, breeding and feeding.
- General background about this particular pet: age, breed, special talents, anecdotes, preferred foods and entertainments.
- Information covering care and grooming
